### WAGNER'S REVIEW

#### Morning Grain Letter.

Chicago, Ill., July 24.—Newspaper comments on wheat, corn and oats are friendly to the bull side. Wheat market is described as in a strong position, due to Canadian and Russian damage. The big export sales of 2,000,000 last two days have helped sentiment. One of the biggest local speculators says the wheat market is no respecter of persons. On the news it has turned resilient and is no longer a sale. Most important wheat news concerns the Russian wheat estimate by the agricultural institute at Rome. They guess Russian spring wheat at 390,000,000, about 160,000,000 below last year. This means an export surplus of 90,000,000 to 100,000,000, about 50,000,000 below 1913-14. In conjunction with the poor crop in Roumania, this Russian report if correct means that we have seen low points on wheat. We believe the wheat market will continue to rally. We advise suitable purchases.  
Temperatures were 96 to 102 over central west and down to Oklahoma on Thursday. Chance of 75c for old corn crop months increases ideas that December corn operations are to be lifted to be in line. December corn ran up to 60c on June 10. When the new July sold 71c on the July 8 report of 58.5 for corn with a crop promise of 2,868,000,000, December corn ran up to 59 cents. Quincy, Ill., reports corn badly hurt by lack of moisture; flring and turning white. Springfield, Ill., writes hopefully of corn. Quincy says corn 70 in central west of Illinois and north-east Missouri. Badly hurt. We have reports of 40 for corn in Coles county, east central Illinois. No rains since May 1. About 40 reports received this morning. Illinois corn going back and every report from Iowa and Illinois mentions rains wanted. Too dry; ground cracking. Very, very dry. Corn being damaged. Corn belt requires general rains and until they arrive and repeat it will be difficult to hold December corn down after breaks.

#### Drift of the Weather.

Illinois—Partly cloudy tonight and Saturday; possibly local showers this afternoon or tonight.  
Missouri and Wisconsin—Generally fair tonight and Saturday; somewhat higher tonight.  
Iowa—Partly cloudy tonight and Saturday; probably local showers in east this afternoon or tonight.  
South Dakota, Nebraska and Kan-

sas—Generally fair tonight and Saturday.

### ASKS \$5,000 FOR MOVIE

#### PICTURE OF A PET CAT

New York, July 24.—Miss Delta E. Connelly, a cat fancier of Roosevelt, L. I., has sued in the supreme court in this district for \$5,000 damages, because a moving picture of herself and her \$5,000 Persian has been displayed on moving picture screens.

The cat, claimed by Miss Connelly to be the handsomest of its breed in the United States, is named Sandalphon. A year ago last January she put him on exhibition in a cat show in Madison Square garden. As usual, Sandalphon carried off the prize and returned with his mistress to Roosevelt. Miss Connelly then had no idea that she was to be a feature in film shows throughout the country.

The moving picture men were busy at the cat show and turned the camera on Miss Connelly without her knowing it, she alleges.

A few months later friends of Miss Connelly advised her that she and Sandalphon were shown in many poses. These friends represented to Miss Connelly that she did not appear to advantage in the picture, and was the laughing stock of every audience where the pictures were shown.

Then Miss Connelly went to see herself and her cat. She saw Sandalphon in her arms. She was petting and fondling him. The picture was captioned "5,000 Worth of Cat."

An appeal was made to the Edison company to have the pictures suppressed, but the company refused.

#### Ex-Chief of Police Prevents Search of His Home for Liquor.

Tulsa, Okla., July 24.—Holmes Davidson, United States marshal, and William R. Plank, a deputy, were killed yesterday by William Baber, whose house they sought to enter in a search for contraband liquor. Baber says they did not show a search warrant. Formerly Baber was chief of police of Tulsa.

#### Adversity's Only Sure Bet.

Don't place too much dependence in human nature—not because men in general are untrustworthy, which I do not mean to imply, but because they are human. Promises are often born of momentary enthusiasm and made with the best intentions of ultimate fulfillment. But things happen, condition change, ardor cools; the sentiment of liberality is superseded by one of selfish interest, and pledges made in the best of faith are forgotten.

Everything human is frail and mutable. The nature of a man may change with each new environment, but the coin of the realm has a fixed and dependable value. You may fail to cash in on promises, but you can always collect 100 cents on a dollar bill.

That's the reason I say to you that it's all right to have faith in men, but put your implicit trust in cash. It's the only sure bet in the moment of adversity.—Maurice Switzer in Leslie's.

# Daily United States Weather Map

### WEATHER CONDITIONS.

Areas of moderately low pressure which are central over Saskatchewan, Arizona, Iowa, and the middle Atlantic coast have been attended by widely scattered showers in the Rocky mountain region and by light, though more general showers and thunderstorms from eastern Nebraska and the upper Mississippi valley to the north Atlantic coast. The pressure remains high in the southeast and continued warm weather prevails over the territory between the Rockies and the Alleghenies. On account of this distribution of air pressure, partly cloudy weather is indicated for this vicinity tonight and Saturday, with possibly

thunderstorms this afternoon or to-night. It will remain warm.
